

A blurred, high-angle photograph of a diverse group of people walking in a crowd. The individuals are out of focus, creating a sense of movement and a busy atmosphere. The colors of their clothing are muted and blend into the overall light, airy background.

# Ellon Youth Directory

## FOREWORD FOR THE YOUTH DIRECTORY

The youth directory, a project identified as important and necessary by the Ellon public, particularly young people, when consulted on their needs in 2001, is now re-established! One of the many priorities identified in the Ellon Youth and Community Strategy was the need for an updated list of youth opportunities in the area.

The project funded by Ellon Town's partnership, researched and collated by Lisa Clarke, founder member of Ellon Youth Action Group and assisted by Cath Macleod, Community Based Adult Learning Co-ordinator has been supported well by all agencies, organisation and young people in the community who contributed so freely.

We are delighted that Lisa our community activist got involved and gained many skills in the process. She has an amendment sheet near the end of the booklet which you can complete with changes and return to us for next years publication.

Everyone needs to have a life outside of school. Whether they are 5 or 15!! They need something to do or somewhere to go to have fun. Well, this booklet has been created for you!

If you want to get involved in something, then look no further!

Everyone will find something they are interested in and you will be surprised to find out the amount that is really going on, in and around Ellon. Even if you just want advice or someone to speak to in confidence, the contacts are all here.

We hope you read and find some new group or activity to get involved with. If not, then how about approaching one of the staff based in the Community Centre, Ellon Young People's project in the Ythan Centre on Station Road or approaching some of the detached youth workers who work on the Ellon streets in the evening.

Senior Community Learning Worker

(Revised, March 24, 2005)

(2nd Revision, March 2007)
